# Vertically Integrated Global

## Company Profile

For over four decades, Umedica Laboratories has dedicated itself to enhancing healthcare and improving the quality of life. We are unwavering in our commitment to provide superior healthcare solutions through high-quality medicines at accessible prices.

As a vertically integrated global pharmaceutical company, we source our Active Pharmaceutical Ingredients (APIs) from Amoli, a division of Umedica Laboratories.

Our innovative R&D team collaborates with a state-of-the-art manufacturing facility to develop and produce finished formulations, ensuring not only a healthy today, but also a healthier tomorrow.

# Pharmaceutical Company

## Manufacturing Excellence

Umedica's advanced manufacturing facility, spanning 11,000 sq. m. in Vapi, Gujarat, is equipped to handle a diverse range of products, including oral solids and injectables.

Our facility boasts a highly skilled staff with a commendable track record of meeting stringent regulatory standards.

We take pride in our commitment to safety and quality, featuring serialisation and tamper-evident packaging tailored for the EU and USA markets.

Our oral solids facility is accredited by leading global authorities, affirming our dedication to excellence in pharmaceutical manufacturing.
